

“OPERATION BOOKBAG”

*Help Underprivileged Children From Our
Community Get Ready For School!*

Too many children are being sent to school without the basic supplies that are essential to good learning. From now through August 21st, Upper Cervical Health Centers of America is launching “Operation Bookbag”, a school supplies drive to benefit underprivileged children from our community.

Our goal is to collect 50 bookbags filled with school supplies and we are asking for your help to reach this goal. In return for your donation, you will receive

One FREE Office Visit and A Certificate Of Health
to give to a friend or family member for a free office visit (a \$275 value).

The first day of school is approaching fast, so please drop off your filled bookbag to our office no later than August 21st. Help us help the children of our community! Proceeds will be delivered to North Cedar Elementary School!

1935 Main St., Cedar Falls, IA 50613

www.UpperCervicalCare.com

A Certificate of Health is good for a consultation, exam, x-rays and a report of findings with the doctor, a \$275.00 value, at no charge.
